

MADE TO GLORIFY 2 (MADE FOR MORE 6)
2 Corinthians 3:7-18
MARCH 11, 2018

GROUP DISCUSSION TIME

HOW DO I GLORIFY GOD?

1) By being transformed from one degree of glory to another. Consider the following ways we can grow in degrees of glory:

- **From the glory of admiring Jesus from a distance to the glory of following Jesus closely.**
- **From the glory of thinking about Christ occasionally to the glory of talking to him constantly.**
- **From the glory of serving Christ out of duty to the glory of serving him out of delight.**
- **From the glory of being a disciple of Jesus to making disciples of Jesus.**

What keeps us from growing in each of these? What are practical ways we can take to grow in these areas?

2) By abiding and reproducing. What keeps you from abiding in Christ? What guiding principles can help us in abiding with Christ? (i.e. our approach, our plan, our attitude)

3) By reflecting God's glory in every detail of my life. What keeps us from reflecting the glory of God in every area of our lives?

- **Husbands loving their wives as Christ loved the church**
- **Wives respecting their husbands**
- **Parents patiently training their children to glorify God**
- **Being merciful by forgiving and showing mercy to those who hurt you**
- **Speaking and living out the truth in love especially when it may cost you**
- **Trusting God in the midst of your suffering**
- **Keeping your thoughts and body from sexual immorality**
- **Giving generously to the Lord**
- **Serving out of your weakness**
- **Repenting of sin and trusting Christ as Lord for salvation**
- **Getting the Gospel right and getting the Gospel out**
